

“ Unless someone like you cares a whole awful lot, nothing is going to get better. It’s not.”

- Dr. Seuss , The Lorax

we're so lucky you care a whole awful lot about our community!

From the Director...

THANK YOU! Your support and belief in our work has strengthened the VOICE of community and we couldn't make the amazing impacts in our community without you, our Member. Every day, I utilize the VOICE of Membership as guidance to Connect People and Build Community.

I'm thankful for Members like you that support the Foundation's broad mission to improve the quality of life in our community. To be an exceptional community leader, I know that I need the skills and talents of our committed Board of Directors, devoted Members who fully fund and engage, and a TEAM of staff and volunteers who are confident and have the abilities to make it happen. Together, we share passion and energy to build strong networks for social change, a key to long-term impacts.

I hope that you will continue supporting our community by renewing your membership. I challenge you, like I have myself and the Board of Directors, to increase your gift in a meaningful and feasible way.

Tracy Simmons

From a Member...

I am very proud to be a long-time member of the Red Lodge Area Community Foundation.

As a former non-profit director, I know about, and I am most grateful for the incredible work the Foundation has done over the years to raise major funds for our local non-profits through the Fun Run.

The Foundation's programs to identify the face of working-class poverty and the centralization of resources to help alleviate it have had remarkable success. The Foundation provides amazing and crucial leadership in identifying and resolving barriers and converting them into assets. Diverse representatives from the entire community come to the table to problem-solve and to find workable solutions. The Foundation is central to the health and well-being of our entire community.

Everyone should have a voice; everyone should be a member!

“MEMBERS MAKE IT HAPPEN”

Member support and input has created and built all of the current program areas we work in like youth, the arts, community, grant making, and leadership – our member’s voices drive our work. But becoming a member doesn't just mean a thank you letter and updates. Becoming a member can be the first step to making *your desired impact in our community*.

We provide specialized donor services that allow you to tailor your support to specific areas of interest (whether we’re currently working in them or not) and specific avenues for giving (like bequests, land & livestock, stocks & bonds, IRA rollovers).

Becoming a member means leaving YOUR legacy.

14 NONPROFIT TRAININGS
